6. MAY WE TAKE YOUR ORDER? <!-- {NO-SEARCH} -->

As of October, 2009, we have a shiny new on-line shopping cart. We **strongly** recommend that you use it, if you can. You can use the shopping cart by clicking on the big blue buttons above.

If you use the on-line shopping cart, you get your software immediately and directly.

If you do not use the shopping cart, your order will have to be filled manually, which takes time, and will be emailed to you, which often leads to interference by spam filters and firewalls.

You can use the on-line shopping cart if you have a company credit card; we use Paypal to process on-line purchases, but Paypay does **not** require you to have or use a Paypal account.

If your company works on a purchase order basis, you may want to **fax us a purchase order to (203) 481-4898**, containing the same product information as the form below. If you would like to order on-line, but are sure that you cannot use our on-line shopping cart, please fill in the form below and submit it.

(If you are reading the PDF version of this document, then please consider copying the form and pasting it into a email or printing it out and faxing it or mailing it.)
