1. HOW TO PICK A VERSION

US Federal (aka CMS or HCFA) DRG versions are released in October of every year. Version 3 (the first version we support) was released in October of 1985. So if you are using calendar years, 1/1/2001 - 9/30/2001 would be covered by version 18 and 10/1/2001 through 9/30/2002 would be covered by version 19. And so on.

2. PRODUCTS & PRICES

Windows Programmer Tools (prices are for in-house use only; other licenses are negotiable)			
Product	Description	Price	Buy
VB-callable grouper DLL	N/A	\$250	N/A

N/A			

3. SUPPORTED PLATFORMS

In the Microsoft realm, we run MS-DOS, Windows 98, Windows NT 4.0 and Windows 2000 in-house.

4. VB-CALLABLE GROUPE R DLL

We have packaged our grouper module into two DLLs: this one uses Pascal calling conventions (as does Visual BASIC) and the other one uses native C calling conventions. Choose this DLL to run with Access and Visual BASIC applications. [Click here to see a sample Visual BASIC module that calls our grouper.](#)

5. VISUAL C-CALLABLE GROUPER DLL

We have packaged our grouper module into two DLLs: this one uses native C calling conventions. and the other one uses Pascal calling conventions (as does Visual BASIC) Choose this DLL to run with applications created with Visual C++ (or some other Win32 C compiler).

6. ICD9CM NAME VB-CALLABLE DLL

We have packaged our ICD9cm description module into two DLLs: this one uses Pascal calling conventions (as does Visual BASIC) and the other one uses native C calling conventions. Choose this DLL to run with Access and Visual BASIC applications. Click here to see a sample Visual BASIC module that calls our ICD9cm labeller.

7. ICD9CM NAME VISUAL C-CALLABLE DLL

We have packaged our ICD9cm description module into two DLLs: this one uses native C calling conventions. and the other one uses Pascal calling conventions (as does Visual BASIC) Choose this DLL to run with applications created with Visual C++ (or some other Win32 C compiler).

8. RESELLER LICENSE

If you want to embed our grouper in a product you will be selling on the market, then you need to negotiate a custom license agreement. Please contact us for details.

9. MAY WE TAKE YOUR ORDER? <!-- {NO-SEARCH} -->

As of October, 2009, we have a shiny new on-line shopping cart. We **strongly** recommend that you use it, if you can. You can use the shopping cart by clicking on the big blue buttons above.

If you use the on-line shopping cart, you get your software immediately and directly.

If you do not use the shopping cart, your order will have to be filled manually, which takes time, and will be emailed to you, which often leads to interference by spam filters and firewalls.

You can use the on-line shopping cart if you have a company credit card; we use Paypal to process on-line purchases, but Paypay does **not** require you to have or use a Paypal account.

If your company works on a purchase order basis, you may want to **fax us a purchase order to (203) 481-4898**, containing the same product information as the form below. If you would like to order on-line, but are sure that you cannot use our on-line shopping cart, please fill in the form below and submit it.

(If you are reading the PDF version of this document, then please consider copying the form and pasting it into a email or printing it out and faxing it or mailing it.)
